HexDec 22, 2019 Oct 9, 2019 Mar 13, 2019 Oct 10, 2018 I have cityXL 2012 and it won't run? I ran the.exe and nothing shows up.. Oct 18, 2017 This is just a CityXL 2012 Folder: Jul 18, 2017 Oct 12, 2017 I am getting the same message when I start the program as when I try to install it on my windows 7 pc: Error when I attempt to install CityXL 2012 A: This is a .NET runtime error which you need to resolve as a .NET or Win32 application. Run your executable in the compatibility mode for .NET 2.0, Run your executable in the compatibility mode for .NET 1.1 or .NET 2.0 and then install it. If you do not have .NET 3.5 or .NET 3.5 installed, you can also re-install .NET 2.0, 3.0 or 3.5 if you have a valid key as mentioned below. If you are receiving this error while installing on Windows 7 then make sure to install the Windows 7 .NET Framework 3.5 Please follow the instructions mentioned below to resolve the error. Right-click on the file name and select properties from the context menu. In the properties window, select the compatibility tab. Select either .NET Framework 2.0 or .NET Framework 3.5 from the list of installed .NET Frameworks. Click on the OK button to apply the changes. Run your executable in the compatibility mode for .NET 2.0, Run your executable in the compatibility mode for .NET 1.1 or .NET 2.0 and then install it. If you do not have .NET 3.5 or .NET 3.5 installed, you can also re-install .NET 2.0, 3.0 or 3.5 if you have a valid key as mentioned below. Right-click on the file name and select properties from the context menu. In the properties window, select the compatibility tab. Select either .NET Framework 2.0 or .NET Framework 3.5 from the list of installed .NET Frameworks. Click on the OK button to apply the changes. Install the .NET Framework 3.5 SP1 from the Microsoft web site Install the .NET Framework 3.5 2d92ce491b
