grabm3ubyalex1167 Since the beginning of 2011, the US real estate sector has experienced a serious downturn. And all because of the unstable political situation in Ukraine. For the US market, Ukraine's withdrawal from the Commonwealth of Independent States is a significant event. After all, most of the population in the United States, as well as in the EU

countries, still lives in the CIS. Therefore, the exit of Ukraine from the CIS may lead to a decrease in the value of real estate in the United States. Of course, it won't happen right away.
