

SPACE HAVEN PC Game Free Download

Released about a week ago, Space Haven is a new base management game set in a spaceship. Starting with the destruction of the Earth (classic), your crew of civilians, using borrowed technology and a rented ship platform, set off in search of a new home for humanity. May 31, 2020 The Space Haven storyline is the first intergalactic storyline in over 30 years. The game is a mix of sci-fi elements where players learn firsthand about the causes and effects of space colonization. The game has several characters, each of which has its own character and has its own goals. In addition, you will meet several factions, each with their own motives and ambitions that they cherish. So this game will not have any
