No, not that JK Rowling's lesbianism (I have nothing against it) – we're talking about a French artist's amazing drawing of the 21st century icon. Please keep in mind the views expressed in the following image are entirely artist's own. We like everything we've seen, but we've still got work to do to make these two equally matched. We've got our work cut out for us. The artist goes by the moniker "Blaskow."
