Aunsoft FLV Player - FLV player with more functions that you can use to play FLV files. If you want to watch a video online, try it now! Aunsoft FLV Player - FLV player with more functions that you can use to play FLV files. If you want to watch a video online, try it now! Aunsoft FLV Player is a program with a pretty self-explanatory title - it allows you to play video files with the FLV format. The app can be easily handled by all user levels. The interface of the software is clean and pretty intuitive. FLV videos can be imported by using the file browser only because the "drag and drop" method is not supported. So, you can use basic media player functions, such as pause and stop, adjust the volume, switch to full-screen mode and navigate back and forth within the clip. In addition, you can create a playlist, enable Aunsoft FLV Player to stay on top of other applications, save thumbnails, enable auto replay mode, as well as create and organize a favorites list, open videos from URLs and clear the history. The video player takes up a low-to-moderate amount of system resources, has a good response time, supports several keyboard shortcuts, can guide you to a brief help file online and didn't freeze, crash or pop up errors during our tests. The bottom line is that Aunsoft FLV Player comes packed with the essential elements for playing FLV videos and we strongly recommend it to all users. Aunsoft FLV Player Description: Use
