The most popular tech and startup news in a clean UI. Hacker News Unofficial Screenshot: Hacker News Unofficial Wiki Hacker News Unofficial Screenshots: How-To Geek Guides Hi guys. Check out this cool tutorial about how you can use 7-Zip to create an archive with all your favorite photos from an online gallery. It's really easy. All you need is a free account at the gallery, and you'll be able to send all your images to 7-Zip in just a couple of clicks. We're sure that, once all your images are uploaded and stored on our servers, you'll really enjoy being able to create albums based on them, quickly and efficiently, using our new Guides feature. The Guide option is located on the Advanced tab (after you open 7-Zip) and it's easy to use. All you have to do is browse through your images and pick one. You can use the arrows to move through the images in any order you want, or you can click them to select them, one by one. When you finish viewing them, all you have to do is click the 'Create Guide' button and then you'll have an Album Guide created for you. We've added some checkboxes to the top of the window that, when selected, will create categories based on the image names for each of the images. If you have a specific name or pattern for your images, using these options will be easier. When you're done, you can create as many Album Guides as you want, by just clicking on the "Create Another Guide" button. If you're working with a Mac, you can copy files and folders between Mac and Windows. What are you waiting for? The article will teach you how to copy files and folders using Mac to Windows through the Get Info feature in Finder. It's a method you can use on both Windows and Mac to get the desired end result. If you want to get this working on a Mac, you must have the "Show Hidden Files" option on in Finder. Once it's on, you should have a Mac version of Get Info. If you're using Windows, the article will teach you how to

Instapaper is a sleek reading app that lets you save the content of websites and periodicals directly to your device. By the end of the day, you can browse your carefully curated content via a simplistic interface and be sure to keep on learning and enriching your life. The best thing about using the free version of Instapaper is the fact that you can save unlimited pages and articles to your Instapaper account. With its convenient single-tap reading solution and emphasis on long-form articles, Instapaper is really quite similar to Readability - the app that introduced articles to your iPad in the first place. Instapaper - your saving app for the web Instapaper does indeed have a number of advantages over Readability. Firstly, it was created much earlier and has a more polished user experience. In addition, it doesn't just cater to the iPad version of the app but to the Mac version as well. Furthermore, the app offers shortcuts to the three top tabs that you see when you log in - Featured, Search and Tags. With the Featured tab, you can quickly browse the saved articles and grab whatever you find interesting. The Search tab helps you find and save articles of interest and the Tags tab offers you a quick way of categorizing your saved articles in no time. With Instap

After the sentencing, Trevor Bast told the BBC the teenager had been "caught" a second time. "I was only 18 and I didn't know what to do," he said. He was sentenced at Perth Sheriff Court on Tuesday for a series of crimes including rape and sexual assault. 'Sentenced properly' The court heard how the teenager, who was a vulnerable child at the time of the offence, had been approached by Mr Bast and another man in her family's garden one evening in April 2004. Both men persuaded her to get into a minibus and they took her to a house in Lennoxtown where they had sex with her against her will. The court also heard how the teenagers had gone on to carry out similar attacks on three other vulnerable children. The court was told the four men had sexually assaulted four youngsters in Inverclyde and Motherwell in Scotland. One of the victims was 14 years old at the time. When they were arrested, police found a video diary showing the sexual assaults which were part of a plan to turn the youngsters into prostitutes. 'Silenced' At the time of the offences, Mr Bast
