FIFA® is the world's most popular sports video game franchise. FIFA is in its 23rd year and has sold over 275 million units worldwide. It is the only sports video game franchise to have been released in over 200 territories in

over 40 languages. A third of all households worldwide have the game and a whopping 65% of all footballers play the game. This makes FIFA the world's leading sports title. A truly epic journey in FIFA Discover The 2015-16 season begins with FIFA 22, the only FIFA in which every player comes to life. Powered by Football™, EA SPORTS FIFA 22 brings the game even closer to the real thing with fundamental gameplay advances and a new season of innovation across every mode. Centralise everything Full-time signings, loan players and Pro/Instant players are now all managed centrally, allowing you to easily react to any situation and to instantly adjust the set-up. It's all about the pitch Every player on the pitch has unique attributes and skills, making them all approach the game differently. Make sure you create the right team for the situation. No compromise - no concessions Pro/Instant mode has been rebuilt, giving you full control and flexibility to create any possible match-up. You can now play different roles with different formations, bench players, and manage player injuries. Play the right way New features to improve your player movement, ball control, and dribbling enable more realistic, unpredictable, and attacking football. Defend the back If you're defending, you're left with fewer defensive tools than ever before. Defend your box better by tackling opponents off the ball or score more goals as you lead the most potent attack in the world.
